LOCAL SELF-GOVERNMENT

WHAT CONGRESS WILL DO FOR THE ISLANDS.

Senator Clark of Wyoming Advises Sending a Committee of Business Men to Washington.

Senator C. D. Clark of Wyoming, who has been here about two months, is quoted as saying that the Government of the Hawaiian Islands will make a mistake if it sends a Government representative to Washington to take part in the forthcoming discussion as to a new form of government for the islands. The senator declared to have expressed the opinion that sending such a representative might create a wrong impression, as it might be construed as doing politics by men already in office. When asked to give his views the senator freely expressed the opinion that if the islands desired a representative they should send some business man, but he was of the opinion that no action of Congress that would be unpopular here is to be feared.

"I have not the least doubt," said Senator Clark, "that Congress will give these islands a territorial form of government with a larger measure of self-government than any other territory has ever had. I have been surprised to find a fear existing that these islands might be classed with the Philippines and might be given a colonial form of government. There is no chance of this happening. Hawaii will unquestionably be a territory with more local power than the United States has ever given to a territory before. The disposition is to let the people here manage their own affairs as far as is possible."

"The way for Hawaiians to present their views to Congress, in my opinion, is by means of a delegation of business men. By business men I mean citizens who could go there and give information on matters that will come up for discussion and thus prevent injurious action that might be taken through ignorance of the conditions here. The difficulty in Congress is not a lack of interest or friendship. Everyone thinks that the best thing for the welfare of the islands is what should be done. A delegation of representative business men could consult with the Congressional committees that will be in charge. They would find all actuated by sympathy for the interests of the people here."

Senator Clark expressed himself as more than delighted with Honolulu and the island. "It is the finest country I ever saw," he said "and I only wish I could settle down and live here. The people of the Hawaiian Islands are the most generous on the face of the earth. There is not a community in any country on the globe that is the equal of this."

Senator Clark arrived in Honolulu on the 19th of July. He has visited many of the sugar plantations on different islands.

AT THE SETTLEMENT.

Agent Reynolds reports everything in good shape at the settlement. People there have done little or nothing toward tree planting under the terms planned at the last visit of the Board of Health to Molokai. Mr. Reynolds feels certain, however, that as soon as a start is made the competition will become quite interesting.

SUGAR STOCK ON RACES

LIVELY MILL ON FORT STREET THIS AFTERNOON.

Brokers, Lawyers and Civilians Stake McBryde, Olia and Kamalo on Tomorrow's Championship Events.

There was a spell of five minutes of fun on Fort street at 2 o'clock this afternoon, and in that time numerous shares of sugar stock were put up on up by a broker. It is like old times remarked on old ancient Myrtle man in the middle of the excitement.

The mill was started by a lawyer who offered a share of McBryde on the Hea-lani juniors. He was promptly taken up by a broker. There was then an offer of 100 Kamalo against 100 Olia on the Hea-lani seniors, but this provoked a laugh only.

In the meanwhile a number of brokers and a dozen citizens had congregated on a man on a bike and his dog. One man on a bike and his dog risked 100 shares of Olia against the same stock, on the Myrtle. He was promptly taken by a business man from the island of Hawaii.

While this was all going on several other small deals were made. One man offered ten Olia paid up for one Olia Sugar Company on the Hea-lani seniors, but was not taken. Two wages of Kamalo against Kamalo were made.

Finally the brokers dispersed to the meeting of the stock exchange, which began at 2 o'clock. Soon after they went away a lawyer appeared on the street with a handful of McBryde and Olia to risk on the Hea-lani.

But the Myrtle men had all gone up town.

FACTS FOR THOSE WHO RIDE.

They Impose no Obligations on Those Who Walk.

Here are a few facts which the police department desires to call to the attention of the public in regard to vehicles, public and private.

1.—No horse or mule shall be left in any street without being securely tied or fastened.

2.—Carriages or wagons standing at any point along the street must be close to and parallel with the sidewalk so as not to unnecessarily obstruct such street.

3.—Tramcars and licensed busses at the intersection of any two streets will be stopped for passengers at the further crossing.

It is also intended to strictly enforce hack rules and regulations.

ANOTHER BOAT RACE.

Contest on Regatta Day Between Myrtles and Hea-lani.

A boat race between the "Was Is" and the "Has Beens" has been announced to take place in the harbor on Regatta Day, next Saturday. The "Was Is" and the "Has Beens" in this case mean old members of the Myrtle and Hea-lani boating crews. The race will be over the usual course of about a mile and promises to be one of the interesting features of the day. One of the points of the contest that no training shall be done, the oarsmen all pledging themselves not to row a stroke until they appear for the start. Charles Crane will be captain of the Myrtles and A. L. C. Atkinson will try to lead the Hea-lani team to victory.

FLAGS FOR SCHOOLS.

George W. De Long Post, G. A. R. will take steps at once toward providing a flag for each public school in the islands. It will take 144 flags to fill the bill. A committee consisting of the following was appointed last night to secure the flags and to see that they were properly put up over the school houses: Colonel George De la Vergne, W. L. Eaton, James T. Copeland, W. McCandless, E. A. Strout, J. D. Conn, P. Sherman, E. Cooke and Sam McKeague.

FOR CHARITIES.

This is a list of charities receiving gifts from Mrs. W. G. Irwin this week: American Relief Fund \$500; British Benevolent Society \$500; German Benevolent Society \$500; Portuguese Ladies Benevolent Society \$500; Strangers' Friend Society \$500; Home for Home \$500; Chinese Mission (F. W. Damon) \$500; Free Kindergarten \$250; Ladies Catholic Society \$500; Hospital Flower Society \$250; other organizations \$500.

AN ENGINE IN DEMAND.

The hoisting engine that has been rented for use at the new Thurston building on Merchant street has been sold to A. Harrison for use at the Brewer building, on Fort street. It is the only hoisting engine in Honolulu and the present period of building activity has brought it into strong demand. A new engine will be imported for the Thurston building, in which there are about 110 tons of steel to be hoisted.

ASYLUM ROAD.

A gang of workmen has been started re-aligning the Asylum road and indications now are that the driveway will be completed in short order. Having to run through several house lots and large patches considerable clearing and filling will have to be done. When completed the road will be perfectly straight and much shorter than the old round about drive.

PLAYERS FOR HILO.

The Orpheum company is to be taken to Hilo, while the theater here is being repaired will play in Spreckels' hall. Complete stage settings will be taken up by an advance agent. Assurance have come from the Rainy City that the combination will do well there for two weeks or more. Mr. Boggs will likely have charge of the Hilo expedition.

FRONT ENTRANCE CUT OFF

ST. ANDREW'S CATHEDRAL IN A BAD BOX.

Only Ingress is Now on Emma Street. Cottage to be Built on the Front. Bishop Willis Blamed.

The Beretania or front entrance to St. Andrew's cathedral is closed, and there is considerable inconvenience to the congregations on account of it, and, justly or unjustly, Bishop Willis is blamed for the condition of things.

It appears that the land in front is owned by the Cummins Estate, of which J. O. Carter is agent, and was leased to the cathedral. When the lease expired the bishop failed to negotiate a new one or to make any terms. A member of the congregation says it was "a piece of cussedness" that it was not done.

The Cummins Estate waited on the bishop until finally it was decided to build a cottage on the property. The bishop, after returning from Samoa, was notified of this probable decision, but made no effort to secure the driveway. Early in the week a fence was built across the driveway on the inside, which shut out the entrance for all time.

A cottage will at once be built on the lot. Its grounds will take in the vacant plot on the right of the old driveway and also the driveway itself. This will thoroughly shut off a view of the cathedral building from the street.

The result of the whole thing is that the front, main and only regular entrance to St. Andrew's will be by the gate near the little Chinese church on Emma street. For the accommodation of vehicles it will now be necessary to use the Emma Square gate at all services. The Emma street gate will admit the congregations.

Many members of St. Andrew's congregation are simply wild over the situation, but are now powerless to act. They say that by shutting up the main entrance their property has depreciated in value several thousands of dollars.

INQUEST POSTPONED

The inquest into the cause of death of the soldier Murdon was postponed this afternoon as certain incriminating details could be found. The police have not yet been able to discover who was the dentist who administered the anesthetic that is supposed to have caused Murdon's death. Deputy Marshal Chillingworth this morning made a search among the soldiers in camp for a companion of the dead man from whom it was thought the information might be obtained, but without success. The investigation will be continued.

It has been learned that Murdon paid visits to other dentists than the one that operated upon him, and that they refused to give him chloroform without the aid of a physician. Dr. M. E. Grossman was asked to administer chloroform and pull Murdon's tooth, but he told the police that a physician must be called in to watch the effect of the opiate. Murdon would not pay the doctor and Dr. Grossman refused to have anything to do with the case. In many of the states it is felony for a dentist to use either of the anesthetics mentioned, except with the assistance of a doctor.

All of the soldiers in camp will be questioned about the case and it is thought that the identity of the dentist can be learned from some of them. Deputy Marshal Chillingworth will hold the inquest next Monday afternoon.

NEW OFFICERS.

Young Hawaiians Institute Elects a Full Board.

At the annual meeting of the Young Hawaiian Institute held last evening the following were elected officers for the coming year: Dr. George H. Huddell, president; George L. Desha, vice-president; Isaac Sherwood, secretary; James L. Holt, financial secretary; Charles Wilcox, treasurer; Thomas P. Cummins, marshal.

The treasurer reported collections of \$56 for the month. It was decided to hold a reception and banquet in the next few weeks.

Morgan & Wright have placed the agency for the Hawaiian Islands for their celebrated rubber tires with Mr. Schuman. A distinctive feature of this tire is that there is no space between tire and rim to allow gravel and sand to enter and thus destroy the rubber.

GIVE UP HIS TRUSTS

BRUCE CARTWRIGHT DISLIKES THE BUSINESS.

Court Asked to Relieve Him of Accounts in Stella Cockett and Holt Estates—Wai'alea Stock Case.

Bruce Cartwright is weeding out his trusts. Those taking up most time will be turned over to other parties. Mr. Cartwright explained at noon that, in view of other business of more profit, time consuming trusts were not a paying nor satisfactory proposition.

Two days ago Mr. Cartwright asked to be released from the Stella Cockett trust. This is not a large estate, but has numerous details. Mrs. Cockett asked the court today to appoint Sister A. Britina, of the Priory, trustee in place of Mr. Cartwright. Another trust resigned today is that of the R. W. Holt Estate. This is an important trust, carrying with it the Wai'alea ranch lands. In his statement Mr. Cartwright places the value of the estate at \$39,734.34.

In the matter of John Laeffer vs. Palama Co-operative Grocery Company, assumption, defendants have been declared in default and debarred for the reason that answer to complaint was not filed within the time specified by law.

The case of Gilliland vs. Wallace Poe is on before Judge Stanley today. This has become a suit for damages for \$100 and grows out of a dispute about certain rats at Wai'alea.

L. A. Thurston has had the floor in the Wai'alea stock case all of today on the side of Colonel Soper. In reply to Mr. Hatch, attorneys expect to finish the matter by noon tomorrow.

COLTON CLAYTON.

Still Suffering Seriously From an Accident Sunday Night.

Colton Clayton, correspondent of the London Times, who met with severe injuries Sunday night by falling into an excavation in the street is still in a serious condition.

Mr. Clayton though still a very young man has achieved great journalistic success. He was in the Jamieson raid in South Africa as the representative on the spot of his paper and was in the Philippines during some of the most exciting times of the trouble there. He has been in the hope of regaining his health which had been impaired by hard work and the exposure to hardship which zeal in his profession necessitated. He has made many friends since coming to the islands.

OKAYAMA ORPHANAGE.

Mr. Gulick's Illustrated Lecture Concerning It.

Quite a large audience of whites, natives and Japanese heard the lecture of Rev. O. H. Gulick at the Y. M. C. A. last evening on the Okayama Orphanage, and enjoyed the stereopticon exhibition. The views were all of the orphanage and the lecture embodied its history and an account of its aims and work.

Among the musical features of the evening were piano solos by Miss Carrie Castle, Japanese airs by children and a cornet solo "America," by S. Hasegawa, the audience joining in.

STARS FOR HILO.

The Helene could not finish loading yesterday so the champion Star baseball team is still in town instead of on the way to Hilo. It is now definitely arranged to leave this afternoon. It is expected that three games will be played.

RADICAL IMPROVEMENTS.

Sewing machines of the present are very different from those of the past. Radical improvements have been made, and women quickly realize the difference between a cheaply made imitation and the light running, easily adjusted Singer sewing machine. EVE OF THE GREAT RACES

ALL CREWS ARE RESTING THIS AFTERNOON.

Still Great Uncertainty Among the Sports as to the Winners—Opinions Are Even—Trains Tomorrow.

Two excursion trains will leave the city tomorrow afternoon for the scene of the championship races at Paoli Harbor. The first, going at 1:45 o'clock, will take the Hea-lani oarsmen, officials, newspaper men and such of the public as wish to avoid the rush. At 3 o'clock another train, with ample cars, will leave the depot. Racing will begin soon after the arrival of the latter at the Peninsula.
